**RESPONSE TO REQUEST FOR INFORMATION**

Sir:

Applicant submits this paper as a corrected response to the Office Action issued September 6, 2007 wherein the Examiner requested information from Applicant pursuant to 37 C.F.R §1.105. On January 14, 2008, Applicant submitted a paper in response to such Office Action that was inadvertently titled "Request for Extension of Time and Response to Restriction Requirement." Applicant now submits this paper which is properly titled "Response to Request for Information." However, because Applicant requested a three-month extension of time and directed payment of the appropriate fee in the January 14<sup>th</sup> filing, Applicant does not believe an additional request for extension of time or fee is needed given that this paper is being submitted within the three-month extension period. However, if an additional request for extension of time or additional fee is needed, Application hereby submits a petition for an extension of time for three-months under 37 CFR § 1.136. Please charge any fees due in connection with the filing of

this paper, including extension of time fees, to Deposit Account No. 50-0206, and please credit any excess fees to the same deposit account.

In response to the Office Action dated September 6, 2007, Applicant remarks as follows.

**REMARKS**

The Office Action dated September 6, 2007, has been received and carefully considered. In this response, Applicant has provided responses to the Examiner's request for information under 37 C.F.R. §1.105.

I. **REQUEST FOR INFORMATION**

The Examiner requests that Applicant and the assignee provide responses to the following requests for information that the Examiner has determined are reasonably necessary to the examination of this application:

*1. In response to the Examiner request for the names of any products or services that have incorporated the claimed subject matter, the applicant [disclosed] a solution called Tradedoc. The document titled Chase Introduces Trade Module teaches that Tradedoc was available commercially as early as Oct 1999 (See, Chase Introduces Trade Module, Journal of Commerce, Oct 13, 1999) The applicant is requested to point out those features, if any, that were not in the previous versions of Tradedoc.*

**RESPONSE:** Applicant submits that there are no features that were not in the previous versions of Tradedoc.

II. **CONCLUSION**

In view of the foregoing, it is respectfully submitted that the present application is in condition for allowance, and an early indication of the same is courteously solicited. The Examiner is respectfully requested to contact the undersigned by telephone at the below listed telephone number, in order to expedite resolution of any issues and to expedite passage of the present application to issue, if any comments, questions, or suggestions arise in connection with the present application.

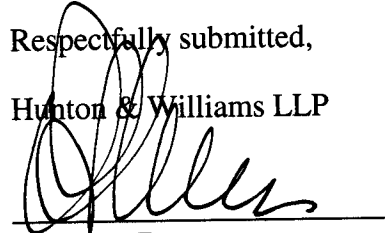

To the extent necessary, a petition for an extension of time under 37 CFR § 1.136 is hereby made.

Please charge any shortage in fees due in connection with the filing of this paper, including extension of time fees, to Deposit Account No. 50-0206, and please credit any excess fees to the same deposit account.

Respectfully submitted,

Hunton & Williams LLP
